# **PMK 90/PMK.03/2020 tentang Bantuan, Sumbangan, dan Harta**

# **Minister of Finance Regulation 90/PMK.03/2020 concerning Assistance, Donations, and Grants**

## **Pendahuluan**

Dalam hal memberi kepastian hukum bagi Wajib Pajak maka pemerintah menerbitkan peraturan yang mengatur mengenai bantuan atau sumbangan, serta harta hibahan baik sebagai pemberi maupun penerima.

## **Bagi Pihak Pemberi**

Hibah, bantuan, atau sumbangan dapat dikurangkan dari penghasilan bruto untuk menghitung penghasilan kena pajak sebagaimana dimaksud dalam ketentuan peraturan perundang-undangan di bidang perpajakan.

Keuntungan dari selisih antara harga pasar dengan harga buku / harga perolehan atas pengalihan harta berupa hibah, bantuan, atau sumbangan merupakan objek Pajak Penghasilan Pasal 17 bagi pihak pemberi. Keuntungan ini sendiri merupakan hasil pengurangan antara harga pasar dan:

- a. nilai buku fiskal jika pemberi wajib melakukan pembukuan.
- b. nilai perolehan jika pemberi tidak wajib melakukan pembukuan.

Pengenaan Pajak final atas pengalihan harta berupa hibah, bantuan, atau sumbangan dalam bentuk tanah dan/atau bangunan, mengikuti ketentuan PPh pasal 4 ayat 2 yang berlaku.

Keuntungan ini dapat dikecualikan sebagai objek pajak jika:

1. bantuan, sumbangan, dan hibah diberikan kepada penerima yang memenuhi syarat; dan
2. tidak ada hubungan dengan usaha, pekerjaan, kepemilikan, atau penguasaan di antara pemberi dan penerima

Dalam hal terdapat hubungan kepemilikan atau penguasaan, keuntungan yang diterima tetap dikecualikan sebagai objek pajak penghasilan sepanjang pihak pemberi dan penerima

## **Introduction**

*In terms of providing legal certainty for taxpayers, the Government of the Republic of Indonesia issued regulations governing assistance or donations as well as grants, both as donor and recipient.*

## **For the Donor**

*Grant, assistance or donations may be deducted from the gross income to calculate taxable income as stipulated in the provisions of laws and regulations in the taxation aspect.*

*Gain arising from the difference between the market value and the book value / acquisition cost on the transfer of assets in the form of a grant, assistance or donations represents an object of Income Tax Article 17 for the Donor. These gains will be calculated according to the difference between the market value of the asset and:*

- a. *the fiscal book value if the donor is obliged to maintain bookkeeping; or*
- b. *the acquisition cost if the donor is not obliged to maintain bookkeeping.*

*The application of the Final Income Tax on transfers of Land and/or Buildings for grants, assistance or donations follows the prevailing tax regulations as stated in Article 4(2).*

*These gains may be excluded as a taxable object if:*

1. *the assistance, donations or grants are given to qualifying recipients; and*
2. *there is no business, employment, ownership or control relationship between the donor and the recipient.*

*If there is an ownership or control relationship, the gain is still treated as a non-taxable object if both the donor and the recipient are religious, educational or social organizations.*

merupakan badan keagamaan, badan pendidikan, atau badan sosial.

Sebagai contoh, bila CV. A memberikan sumbangan berupa mobil kepada Koperasi B yang terdapat hubungan pekerjaan, maka dari keuntungan sumbangan ini merupakan objek pajak bagi CV. A.

#### **Bagi pihak penerima**

Bantuan atau sumbangan yang dikecualikan adalah bantuan atau sumbangan termasuk Zakat atau Sumbangan Keagamaan yang Sifatnya Wajib, sepanjang tidak ada hubungan dengan usaha, pekerjaan, kepemilikan, atau penguasaan di antara pihak yang bersangkutan.

Bantuan atau sumbangan dapat berbentuk uang atau barang.

Jika bantuan atau sumbangan berupa harta yang berbentuk barang dibukukan oleh pihak penerima dengan nilai perolehan sebesar:

- a. nilai sisa buku fiskal apabila pihak pemberi wajib menyelenggarakan pembukuan; atau
- b. nilai lain apabila pihak pemberi tidak wajib menyelenggarakan pembukuan, yang ditentukan dengan:
  1. untuk tanah dan bangunan - Nilai Jual Objek Pajak yang ditulis pada Surat Pemberitahuan Pajak Terhutang / SPPT Pajak Bumi dan Bangunan saat terjadi pengalihan; atau surat keterangan dari Instansi Pemerintah yang membidangi urusan pajak daerah dimana tanah dan/atau bangunan terdaftar dalam hal tidak terdapat SPPT; atau
  2. untuk yang bukan tanah dan bangunan sebesar harga pasar harta tersebut saat terjadi pengalihan.

Aset terkait bisnis dengan masa manfaat lebih dari satu tahun dapat dikurangkan melalui depreciasi atau amortisasi berdasarkan ketentuan pajak.

*For example, if Firm A extend donations in the form of a car to Cooperative B which has an employment relationship, this donation is a tax object for Firm A.*

#### **For the Recipients**

*Assistance or donation that is exempted includes Zakat or Religious Donations, as long as there is no relationship with business, employment, ownership, or control between the parties concerned.*

*Assistance or donations can be in the form of money or in goods.*

*If assistance or donations represents assets in the form of goods, these are recorded by the recipients using acquisition cost amounting to:*

- a. *the fiscal book value if the donor is obliged to maintain bookkeeping; or*
- b. *a separate value if the donor is not obliged to maintain bookkeeping, as follows:*
  1. *for land and building – the Sales Price of the Tax Object as stated in the Tax Collection Letter on Land and Building in the fiscal year when the transfer occurs; or a value in the statement letter from the Government institution in charge of regional tax where the land and building is registered, if there is no Tax Collection Letter; or*
  2. *For non-land and building assets – the market value when the transfer occurs.*

*Business-related assets with a useful life of more than one year are deductible through either depreciation or amortization based on tax regulations.*

Sebagai contoh, PT. B menerima bantuan dari PT. C yang tidak ada hubungan istimewa dan PT. D dimana terdapat hubungan usaha. Maka dari bantuan dari PT. C dikecualikan dari objek pajak, sedangkan bantuan dari PT. D merupakan objek pajak sebesar nilai sisa buku fiskal PT. D.

*For example, Company B received assistance from Company C which has no special relationship and Company D where there is a business relationship. As such, the assistance from Company C is exempted from the tax, while assistance from Company D represents a tax object in the amount of the remaining fiscal book value of Company D.*

Hibah tidak dikenakan pajak jika:

- a. diterima oleh penerima yang memenuhi syarat; dan
- b. tidak ada hubungan dengan usaha, pekerjaan, kepemilikan, atau penguasaan di antara pemberi dan penerima

Dalam hal terdapat hubungan kepemilikan atau penguasaan, keuntungan yang diterima tetap dikecualikan sebagai objek pajak penghasilan sepanjang pihak pemberi dan penerima merupakan badan keagamaan, badan pendidikan, atau badan social.

*Grants are non-taxable if:*

- a. it is received by qualifying recipients; and
- b. there is no business, employment, ownership or control relationship between the donor and the recipient.

*If there is an ownership or control relationship, the aid/donation or grant is still treated as a non-taxable object if the recipient is a religious, educational or social organization.*
